The process is guided by key principles including fairness and equity, transparency, inclusivity, integrity, access and opportunity, and accountability. Additionally, the goal is to strive for universal access to opportunities, carefully balancing individual needs with institutional capabilities.

<b>Accommodation</b>	Adjustments to assessment or access processes to support individuals with disabilities without lowering academic or institutional standards.
<b>Active learner</b>	<p>An Active Learner is defined as any individual or entity that meets all the following conditions:</p> <p>Subscription Status: Has an ongoing, valid subscription plan (monthly, annual, or other payment frequency) that has not been canceled or terminated.</p> <p>Access Rights: Actively holds access to the platform's services, content, or features based on their subscription tier.</p> <p>Payment Compliance: Has successfully made the required payment for the current billing period and has no outstanding or overdue payments.</p> <p>Engagement: Has been actively engaged on the platform within the last 12 months (e.g., submitted an assignment, completed a module, logged meaningful activity).</p>

<b>Appeal</b>	A formal request by an Active Learner to the Committee asking the Committee to review an ALX decision concerning their academic performance or conduct.

<b>Appeals Committee</b>	<p>The Appeals Committee is a formally designated body responsible for reviewing and making decisions on appeals submitted by active learners who wish to contest an academic, disciplinary, or administrative decision. The committee ensures that due process is followed, considers the merits of the appeal, and issues a final, impartial determination in accordance with institutional policies and regulations.</p>
<b>Disability</b>	<p>A broad term encompassing physical, mental, or learning disabilities, chronic conditions, and other impairments that affect participation in activities.</p>
<b>Diversity</b>	<p>The recognition and inclusion of individuals from varied backgrounds, cultures, experiences, and identities to foster a rich, inclusive learning environment.</p>

While learners in this status may temporarily lose access to the Learning Management System (LMS) due to missed payments, they retain access to the broader platform (e.g., eHub) and are still eligible to enroll in additional programs. Enrolled learners are considered part of the learning community but may have limited functionality depending on their payment compliance.</p>
<b>Equity</b>	<p>The principle of providing fair opportunities and access to programs for all applicants, taking into account individual differences and barriers to ensure everyone has the resources they need to succeed.</p>
<b>Fairness</b>	<p>Ensuring all registrations and selection processes are impartial, transparent, and consistently applied to uphold the integrity of the institution while respecting individual rights.</p>
<b>Historically Disadvantaged</b>	<p>Refers to individuals or groups who have been systematically excluded from social, program, or economic opportunities due to historical discrimination and inequality. This often includes those marginalized based on race, ethnicity, gender, socio-economic status, or geographic location, particularly under historical systems of oppression. The designation is used to ensure equity, redress, and access to opportunities for affected individuals.</p>

<b>LEA (Learning Experience Assistant)</b>	An AI-powered Learning Experience Assistant (LEA) is a digital tool designed to enhance and support the learning process by providing personalized guidance, real-time feedback, and on-demand assistance. LEAs use artificial intelligence to adapt to individual learner needs, offering explanations, answering questions, suggesting resources, and helping navigate course content. These tools are often integrated into online learning platforms and aim to improve learner engagement, autonomy, and outcomes through interactive and data-informed support.
<b>Mother-tongue-based multilingual</b>	A program approach that uses the learner's first language (mother tongue) as the medium of instruction, transitioning to additional languages for broader opportunities.
<b>Non-Discrimination</b>	The commitment to treating all applicants equally, regardless of race, gender, age, religion, disability, socioeconomic status, or other protected characteristics, ensures a bias-free registration process.
<b>Prospective Applicant</b>	Prospective Applicants are individuals who have shown interest in enrolling in a program but have not yet been formally admitted or registered. They may be in the process of gathering information, submitting applications, or considering their options.
<b>Special Needs</b>	The consideration of applicants who require additional support due to physical, cognitive, emotional, or learning disabilities, with accommodations provided to enable equitable access to programs.
<b>Freshdesk</b>	Freshdesk is a cloud-based customer support platform used by ALX to manage and respond to student inquiries, concerns, and issues. It serves as the central helpdesk system where students can submit tickets, track the status of their queries, and receive timely support from the ALX team. - 4.4. The overarching principles of access, equal opportunity, fairness, and recognition of prior learning underpin our commitment to providing inclusive opportunities for all prospective applicants and active or enrolled learners.

## **5. Recruitment, Selection, Registration, and Enrolment Phases**

- 5.1. We are committed to widening access by:

- 5.1.1. Supporting applicants from disadvantaged communities

While we cannot guarantee support, we aim where possible to assist applicants from disadvantaged communities through resources such as scholarships or mentorship opportunities. Availability is subject to program capacity and funding.

- 5.1.2. Providing guidance to applicants

To ensure applicants are fully supported throughout the registration process, we offer a range of guidance services. This includes one-on-one support for those who need personalized assistance.

- 5.1.3. Accommodating applicants with Disabilities

While we are committed to creating an inclusive environment, we acknowledge that we are not fully equipped to support all types of disabilities at this time. Where possible, we will consider reasonable accommodations to assist applicants with disabilities, depending on the nature of the support required and available resources.

- 5.1.4. Managing Fairness and Non-Discrimination

We are committed to ensuring a fair and equitable recruitment and selection process for all applicants, regardless of their race, gender, age, disability, or other distinguishing characteristics.

- 5.2. Recruitment

- 5.2.1. The recruitment process is guided by principles of Fairness and Equity, ensuring all applicants are evaluated based on transparent and consistent criteria. We utilize a diverse range of recruitment methods to ensure that prospective learners are well-informed about the available opportunities. While this process is primarily designed for countries where we have established hubs, the same principles may also apply to applicants from areas outside of these hubs, depending on program-specific requirements and capacity. This inclusive approach allows us to reach a wider pool of talent while maintaining the integrity and accessibility of our programs.

- 5.3. Methods

- 5.3.1. We employ a variety of recruitment methods to ensure that our opportunities reach a broad and diverse range of applicants, including those from marginalized or underrepresented communities.
- 5.3.2. In addition to traditional methods such as brochures, web marketing, and interviews, we collaborate with community organizations, local outreach programs, and non-profit groups to ensure that all groups are informed about available opportunities.
- 5.3.3. Our outreach efforts include attending community events, hosting informational sessions, and working with local schools, community centers, and organizations that serve disadvantaged populations. These partnerships help us build trust within underrepresented communities and encourage a wider pool of applicants to apply.
- 5.4. Eligibility Criteria
  - 5.4.1. Applicants must be at least 18 years of age, unless otherwise specified for a particular program
  - 5.4.2. We strongly recommend having access to a computer with a stable internet connection
  - 5.4.3. Applicants must meet the minimum eligibility criteria for the program (where applicable)
  - 5.4.4. While developing your skills is primarily conducted in English, we promote awareness of multilingualism and acknowledge its role in building a more inclusive society.
  - 5.4.5. The eligibility criteria are designed to be clear and transparent. However, we recognize that some applicants may have unique circumstances or qualifications that don't necessarily fit within the established criteria. While we cannot guarantee support in such cases, we may be able to offer personalized assessments and consider alternative forms of eligibility, such as relevant work experience, community involvement, or informal learning, where capacity allows.
- 5.5. Selection
  - 5.5.1. The selection process evaluates applicants on various factors to assess their suitability for the program.
  - 5.5.2. The selection process is designed to evaluate an applicant's values, motivation, and commitment to the program, along with their capacity to overcome challenges and thrive in a dynamic learning environment.
  - 5.5.3. The selection process is designed to evaluate an applicant's values, motivation, and commitment to the program, along with their capacity to overcome challenges and thrive in our learning environment. We do not always deploy a blanket approach; for applicants whose academic background does not provide a complete picture, we may conduct additional assessments focused on problem-solving skills, critical thinking, and teamwork potential. This holistic approach ensures we select applicants who not only meet academic

requirements but also demonstrate the personal qualities and drive needed to succeed.

## 5.6. Prospective Applicant Process Phases

### 5.6.1. Phase 1: Online registration and submission of required documents

5.6.1.1. In this initial phase, applicants complete their online registration. The submission of supporting documents is primarily required for ALX's Pathway program.

5.6.1.1.1. For ALX programs, no mandatory documents are required but are subject to review in future.

5.6.1.1.2. For Pathway applicants, the following documents must be submitted:

5.6.1.1.2.1. Valid, government-issued identification (not expired)

5.6.1.1.2.2. High school certificates, translated into English

5.6.1.1.2.3. University transcripts, where applicable, translated into English

5.6.1.1.2.4. Proof of English proficiency, if required (primarily for partner institutions)

5.6.1.1.2.5. Refugee status documentation (e.g., refugee card or equivalent), if applicable

5.6.1.1.3. Additional information related to humanitarian status, diversity, and inclusion may also be requested to support the application process, particularly for applicants with non-traditional qualifications or special circumstances.

### 5.7. Phase 2: Verification of applicant information and registration details

5.7.1. Where applicable, verification involves confirming the authenticity of the applicant's academic records, references, and other personal documents submitted as part of the registration. This process ensures that the information provided is truthful and aligns with the standards of our programs. If an applicant's information is found to be inconsistent or incomplete, they may be asked to provide additional documentation or clarification. If the registration is rejected during this phase, applicants are given the opportunity to appeal ([Freshdesk](#)) the decision based on new information or clarification.

### 5.8. Phase 3: Selection recommendations

5.8.1. If assessments are required, they will be conducted as part of the selection process. Once all assessments and verifications have been completed, applicants are ranked and evaluated for final selection. Recommendations are based on a combination of factors, including academic qualifications, interview performance, and overall suitability for the program. The final list of selected candidates is shared with the registration team, who communicate the decisions to applicants.

### 5.9. Phase 4: Notification of changes or withdrawals

- 5.9.1. If any changes occur during the selection process, such as an applicant withdrawing or adjustments to program availability, this will be communicated to the applicants as soon as possible. Applicants who are withdrawn from the process or whose registration details have changed will be notified via email, with clear guidance on the next steps and any required actions.
- 5.10. Phase 5: eHub Registration and Payment
  - 5.10.1. To activate access to the selected program, learners must complete their eHub registration and payment. The process begins with logging into eHub, where learners will watch Fred's Welcome Video and the eHub Orientation Video to understand the platform and next steps. They are encouraged to explore the general features of the eHub before completing their profile as prompted. This includes updating personal information, outlining previous education and employment history, and providing demographic details. Once these steps are completed, learners proceed with their program payment, finalising their registration and activating full access to the learning journey.
- 5.11. Enrolled Learners Process Phases
  - 5.11.1. Phase 1: Registrant interest
    - 5.11.1.1. Enrolled ALX learners who wish to register for an additional program must begin by reviewing the list of currently available programs. Learners are required to consider factors such as program duration, scheduling demands, relevance to their learning goals, and any prerequisite knowledge. Once a program is identified, learners must formally register their interest on eHub and provide consent in accordance with the ALX Privacy Policy. Learners may express interest in more than one program and may participate in multiple programs concurrently, subject to meeting all participation and scheduling requirements.
  - 5.11.2. Phase 2: Course Registration Confirmation
    - 5.11.2.1. Once interest has been registered, learners will receive confirmation of their placement in the selected program(s), subject to availability and eligibility criteria. This confirmation includes key program details such as the official start date, expected time commitment, and any onboarding steps required. Learners must review and acknowledge these details to secure their spot. Learners who enrol in more than one program will receive separate confirmations and onboarding information for each. This phase ensures both learner readiness and alignment with program expectations before each course begins.
  - 5.11.3. Phase 3: Notification of changes or withdrawals
    - 5.11.3.1. If any changes occur during the selection or registration process—such as an applicant's withdrawal, changes in program availability, or scheduling conflicts—these will be communicated to the applicants in a timely manner. Learners impacted by such changes will be notified via

email, with clear instructions on next steps or any additional actions required to maintain enrollment across one or more programs.

5.11.4. Phase 4: Selection recommendations

5.11.4.1. To enable access to their selected program(s), learners are required to complete payment as communicated via email and/or on eHub. Learners are encouraged to update personal information, including prior education, employment history, and demographic data on eHub. Once payment is completed for each chosen program, learners are officially activated and will be assigned to a class. Active learners may progress through coursework, milestones, and assessments in more than one program concurrently, as confirmed by engineering.

5.11.5. We ensure

5.11.5.1. All applicants are treated equally, regardless of race, nationality, gender, age, or other distinguishing characteristics.

5.11.5.2. Support is provided to active learners with disabilities, chronic conditions, or Special Needs, as long as program standards are not compromised.

5.11.5.3. Developing your skills and assessments are offered in English, with assistance provided to non-native English speakers where feasible.

5.11.6. Registration Process Overview

5.11.7. Registration portal

5.11.7.1. The registration portal is designed to be user-friendly and accessible to all applicants. It is mobile-friendly, ensuring that individuals without access to a computer can still submit their registrations through a smartphone or tablet. Additionally, the portal has been optimized for individuals with disabilities, including options for screen readers, text resizing, and a contrast mode for easier viewing.

5.11.8. Feedback timeline

5.11.8.1. Applicants will receive feedback on their registration status within a timeline of 24 hours to 4 weeks. Notifications will be sent via email, and applicants are provided with detailed explanations of the outcome of their registration, including any next steps or additional information needed. If applicants have any concerns or require clarification, we offer support channels through LEA, [Freshdesk](#), office hours and in person to address questions or issues.

5.11.9. Reregistration

5.11.9.1. Applicants who were not selected for the current cohort may reapply for future cohorts.

5.11.10. All Access Fees

5.11.10.1. All successfully accepted learners (fully sponsored) will be charged a monthly, non-refundable\* all-access fee to confirm enrollment into the programme. The all-access fee provides access to the Tech Hubs,

community, events, infrastructure, and learning systems. It does not cover any partner eligibility requirements or registration fees that arise thereafter.

5.11.10.2. Access fees refer to a \$5 per month fee charged to each learner. This fee is used to support the administrative and operational costs associated with the program. While the fee is modest, we are committed to ensuring that financial constraints do not prevent learners from pursuing their goals. In cases where learners face financial hardship, we offer fee waivers or discounts to help alleviate the burden. Additionally, learners who meet specific criteria may have access to scholarships or financial aid options to support their studies.

5.11.10.3. \*This is not a tuition fee, but instead a fee that provides access to the ALX ecosystem.

Programme	All -Access Fee	Payment Options
All ALX Programmes Excluding Tech Elevate	\$5 USD per month	<p><b>Option 1:</b> Multiple Months in Advance Pay multiple monthly installments at \$5 USD per month.</p> <p><b>Option 2:</b> Pay as You Go Pay in monthly installments of \$5 USD per month.</p> <p><b>Option 3:</b> All Access Plus \$49 USD one-off</p>

5.12.2. The Total All-Access Fees payable must be paid in full for you to receive the ALX Certificate of Completion and to receive access services from ALX to its partners and partner universities.

5.12.3. ALX reserves the right at any time to withhold: (a) access to ALX Pathway programme, (b) any certificates of completion to be issued by ALX upon successful completion of the programme, and/or (c) support with or access to its partners and partner universities, if all outstanding fees are not fully paid before learner's completion of a programme. Subsequent payment of the outstanding fees after the completion of ALX Pathway would not oblige ALX to reinstate and provide any forfeited benefits save with respect to the issuance of the ALX Certificate of Completion and resuming support with or access to its partners and partner universities.

- 5.12.4. You acknowledge and agree that non-payment or late payment constitutes a breach of these terms, entitling ALX to withhold the services as mentioned above, without further recourse to the defaulting learner, and no obligation to refund any amount already paid to ALX, save that upon the full amount of the late payment being made, ALX will issue the ALX Certificate of Completion and resume support with or access to its partners and partner universities. However, ALX will not be obliged to reinstate or provide any forfeited benefits as a result of the non-payment or late payment.

### 5.13. Registrations

- 5.13.1. Our registration principles prioritize fairness, transparency, and equality of access. 5.15.3.2.4. Specific terms and conditions applicable to the Pathway programme:

5.15.3.2.4.1. Access services offered by ALX Holdings under ALX Pathway include the selection of ALX participants enrolled in the ALX Pathway programme in the sole discretion of ALX Holdings for the purposes of referrals to ALX Holdings partners and partner universities.

5.15.3.2.4.2. The Total All-Access Fees payable must be paid in full for you to receive the ALX certificate of completion and to receive access services from ALX to its partners and partner universities.

5.15.3.2.4.3. ALX reserves the right at any time to withhold: (a) access to ALX Pathway programme, (b) any certificates of completion to be issued by ALX upon successful completion of the programme, and/or (c) support with or

access to its partners and partner universities, if all outstanding fees are not fully paid before learner's completion of a programme. Subsequent payment of the outstanding fees after the completion of ALX Pathway does not oblige ALX to reinstate and provide any forfeited benefits, save with respect to the issuance of the ALX certificate of completion, and resuming support with or access to its partners and partner universities.

5.15.3.2.4.4. You acknowledge and agree that non-payment or late payment constitutes a breach of these terms, entitling ALX to withhold the services as mentioned above, without further recourse to the defaulting learner, and no obligation to refund any amount already paid to ALX, save that upon the full amount of the late payment being made, ALX will issue the ALX certificate of completion and resume support with or access to its partners and partner universities. However, ALX will not be obliged to reinstate or provide any forfeited benefits as a result of the non-payment or late payment.

#### 5.15.4. Variations/Promotions

5.15.4.1. We reserve the right to amend the above-mentioned fees and/or run promotions in respect of the fees. Learners will be notified in the event of any pricing changes. Changes in pricing will not affect learners that have registered prior to the change in pricing.

5.15.4.2. Our programmes are constantly undergoing changes in order to be as impactful as they can be for learners. Through these iterations, they inevitably change in length of programmes as content is added or subtracted. This iteration process may lead to varying costs for future cohorts.
